AUDITOR'S REPORT

This is to certify that I have examined the accounts of the school board and school treasurer and find them correct supported by proper vouchers.

ALBERT L. REED, *Auditor.*

Superintendent's Report

To the School Board of Unity:

My second annual report is hereby presented for your consideration and for the information of the citizens of the district.

The schools closed on June 13, 1930 with joint exercises by the pupils of the five schools. The program was of a high grade of excellence. Without exception every part was thoroughly memorized. The exercises were a credit to the teachers who trained them and the snap with which they were delivered added to the interest and enjoyment of a well-filled house.

During the summer additional windows were provided for the West Unity schoolroom and the double desks were replaced by the more comfortable single desks.

The schools were reopened on Tuesday, Sept. 2, 1930 with three new teachers, all normal graduates beginning their first year of service. They are making sincere efforts to give efficient service and are on the road to success.

Below are tabulated the teacher's name, the fall term enrollment, and the December membership of the respective schools.

Teacher	School	Fall Term Enrollment	December Membership
Vergie Kuzmich, E. Unity, Gram. Dept.		11	11
Mary V. Thornton, E. Unity, Pri. Dept.		20	18
Anna Kane, Unity Centre, Gram. Dept.		16	15
Edna E. Harding, Unity Centre, Pri. Dept.		17	16
Carroll P. Abbott, West Unity		33	30

Mrs. Hasham was reelected as school nurse for the year 1930-31 by the school boards of Unity and other towns in the Charlestown, Newport and Plainfield unions. In Unity she reports the inspection, weighing and measuring of 83 pupils. Defects found are—malnutrition 4, skin disease 3, pediculosis 8, enlarged glands 14, tonsils 16, teeth 33. I would urge parents of children suffering from defects to consult a physician that proper treatment may be received. 30 unvaccinated children were found.

Authorities recommend that 6-months old children should be vaccinated and that vaccination should be repeated at 6 years of age. One case of scarlet fever was found. 10 school visits have been made, 22 visits to the homes for instruction and follow up work. Business calls, interviews with officers, and school talks number twelve.

In the school census of September, 1930 the enumerator found 102 children between the ages of 5 and 16 years. 90 of these were accounted for in the local schools and four were found in attendance at outside high schools. Six between 5 and 8 were not in school attendance. Two children between 14 and 16 were not found attending school; one had completed the elementary course, the other had been excused from attendance on account of physical disability.

GENERAL STATISTICS

For the Year Ending June 30, 1930

There were 120 different pupils registered in this district during the year. The average membership was 79. The average attendance was 75.5 and the per cent of attendance was 95.7. This exceeds the state average by about 1.1 per cent.

Forty-two pupils were transported at district expense. Nine pupils—Cecil Callum, Andrew Callum, Stanley Miller, Marion Callum, Andrew Koski, Christina Miller, Beatrice Bailey, Pauline Bailey, Virginia McNeil, were perfect in attendance.

Elementary School Graduates, June 13, 1930:

Cecil Callum, John Powers, Ruth Thurber, Nellie Walker, Josephine Robbins.

Unity students in High School:

Towle High School—\$75 tuition. Cecil Callum, Ralph Cady, John Powers, Hazel Thurber, Ruth Thurber, Nellie Walker.

Stevens High School—\$100 tuition. Raymond Shute, Ethel Slack, Doris Jennings.

The registers for 1930-31 list 16 visits by board members, 77 visits by the superintendent, and 87 visits by citizens.

Respectfully submitted,

ANDREW P. AVERILL.
